Everest Base Camp Helicopter Tour with Landing

Facts

Destination: Nepal

Trip Difficulty: Easy

Trip Style: Tour

Transport: Private Vehicle

Group Size: 5

The Everest Base Camp helicopter tour allows you to witness the view of Mount Everest and other incredible Himalayan mountains easily and comfortably. The helicopter tour begins from Kathmandu's domestic airport and flies across the eastern Himalayas of Nepal, during which you will explore the Khumbu region (Everest region).

The Everest helicopter tour is a four-hour day program that anyone can do. There is no age limit or specific requirement for the Everest Base Camp helicopter tour. If you are fine with flying, then no need to worry, this trip will blow your mind. The journey takes you right across the Khumbu Glacier and presents spectacular views of Mt. Everest.

The Everest Base Camp helicopter tour with landing also presents jaw-dropping views of many other mountains like Kanchenjunga (8,586 m/28,169 ft), Lhotse (8,516 m/27,940 ft), Makalu (8,463 m/27,766 ft), Cho Oyu (8,188 m/26,864 ft), Nuptse (7,861 m/25,791 ft), Ama Dablam (6,812 m/22,349 ft), Thamserku (6,608 m/21,680 ft), etc.

Who can do the Everest Base Camp helicopter tour?

For travelers who have ever dreamed of exploring the Himalayas, especially the Everest region, but can't do so because of time limits or health issues, the Everest Base Camp helicopter tour will fulfill your wish. Moreover, you will also get to enjoy landing at Lukla, Kala Patthar, and the Hotel Everest View.

There is no physical straining involved in this tour so you can do it with your kids and elderly members of the family. Our professional flying crew will make sure you have a comfortable flight experience. We check the helicopters before every takeoff and also regularly maintain them. So, you can enjoy the tour without worrying.

Is there an altitude sickness risk during the Everest Base Camp helicopter tour with landing?

No, there is no altitude sickness risk during the Everest Base Camp helicopter tour because you will not spend a lot of time in the mountains. At Kala Patthar, you will land for only 5 minutes to soak in the views, and at Hotel Everest View, you will have around 30 minutes to have breakfast.

Likewise, you will land in Lukla airport twice for 15 minutes to refuel the chopper. Given this short duration, participants do not see altitude sickness symptoms. We highly recommend you to not spend more than 5 minutes at Kala Patthar because the altitude sickness can kick in quite fast.

Why do the Everest Base Camp helicopter tour with Nepal Hiking Trek?

We, **Nepal Hiking Trek** (https://www.nepalhikingtrek.com/) , offer the most affordable Everest Base Camp helicopter tour cost. Along with that, you will also get top-notch service and a fantastic helicopter flight experience. Our team will explain all the dos and don'ts

Have a breakfast at the Hotel Everest View

The Hotel Everest View is a luxury lodge in the Khumbu region and also one of the highest hotels in the world. It is situated at 3,962 meters (13,000 ft) from sea level. After exploring Kala Patthar, you will descend to Syangboche Airstipr and walk from here to the Hotel Everest View, which takes only a few minutes.

You will have around 1 hour to enjoy breakfast as per your choice, with a view of Mt. Everest, Mt. Lhotse, Mt. Nuptse, and Mt. Ama Dbla. The breakfast expenses are not covered in our Everest Base Camp helicopter tour cost, so carry money/card for it. You can buy anything as per your budget.

Why do the Everest Base Camp helicopter tour?

Given the short length of the Everest base camp helicopter flight, this is the best way to take a quick break from your daily routine and unwind. The trip does not demand any lofty effort, whether it comes to preparing or traveling itself.

So, you do not have to worry about anything and enjoy the helicopter tour to the fullest. Likewise, the EBC helicopter tour is also a great option for travelers who have free time in the morning and are looking to do a quick adventurous activity. The four hours will go by instantly, and you'll not even realize it.

Detailed Itinerary

Day 01: Pick up from your hotel and drive to Kathmandu's domestic airport. Join the flight briefing and fly to EBC and Kala Patthar. Return to Kathmandu and say goodbye to our crew.

Our team will pick you up from your hotel lobby at the given time. Be ready on time. They will drop you at the airport. You will attend the flight briefing by our instructors. Feel free to ask any questions during the briefing. After that, board the flight.

The helicopter takes off, offering stunning mountain views of the distant and wonderful aerial panorama of Kathmandu. You will reach Lukla in 45 minutes of flying. Land at Lukla airport and refuel the chopper. From here, you will fly to the Everest Base Camp.

Witness the breathtaking aerial panorama of the Khumbu Glacier Khumbu Icefall. Witness numerous mountains like Thamsekru, Ama Dablam, Lhotse, Nuptse, Everest, Makalu, Kanchenjunga, Pumori, CHolatse, etc. Likewise, the aerial view of the villages, forests, valleys, and rivers is excellent too.

Before returning, you will land at Kala Patthar for 5 minutes and fly to the Hotel Everest View. Have breakfast and continue the flight to Lukla. Refuel the chopper and fly back to Kathmandu. Kindly drop your review before going back to your hotel. You will also receive the tour completion certificate.
